

Soft Red Winter • ULTRA EARLY
AgriMAXX 500

high performance wheat

Maturity	Ultra Early
Head Type	Awnletted
Height	Medium Short

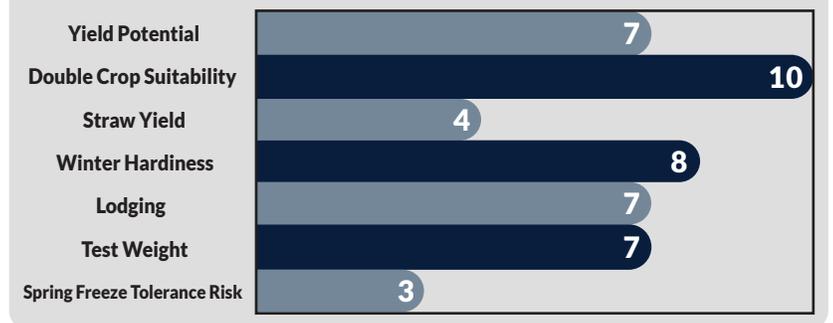

- Ultra early for double croppers
- Impressive tillering ability
- Fine straw that cuts easy
- Good scab resistance
- Palisade recommended in high fertility

AM 500 is the earliest variety on the market, allowing growers to start harvest quicker and plant double crop soybeans earlier. This is a unique looking variety that is medium short in height and produces a lot of tiller heads. It reaches maximum yields from a high head count. This is a good fit for the back half of planting season and average to lighter soils.
