

Soft Red Winter • EARLY/MEDIUM EARLY

AgriMAXX 502

high performance wheat

Maturity	Early/ME
Head Type	Bearded
Height	Medium

- Incredible yield potential
- Early maturity in North & Mid Atlantic. Medium early in Southeast
- Responds to fungicide at bloom
- Very good foliar disease resistance
- Resistant to Hessian fly

AgriMAXX 502 is an eastern U.S. standout variety with tons of yield. 502 has dominated our eastern and northern trials and has taken top yield honors in our eastern production fields. This variety tillers well and gets its yield from high head counts. 502 works well across most soils and can really perform in high yield environments. It has racehorse abilities to reach top-end yields when pushed with fertility and fungicides. It's a winner at the combine!
