

Soft Red Winter • MEDIUM

AgriMAXX 514

high performance wheat

Maturity	Medium
Head Type	Bearded
Height	Medium

- Top performer in South & Midwest
- Strong tillering capability
- Excellent for 15" rows
- Great choice for lighter soils & lower fertility environments
- Palisade recommended in high fertility
- Impressive all season & beauty at harvest

AgriMAXX 514 is a top yielding variety in the Midwest and South for multiple years. 514 is an aggressive tillering variety with a robust plant profile that works best in lower organic matter soils, low fertility environments, late plantings and areas where growers need more heads per sq/yd. This variety is better suited at average to lower populations versus higher populations. Good plant health and excellent head scab scores make it a beauty at harvest.
